Your committee membership is an important signal that you value the information and organizing work that we do and we hope that you will renew. With your membership you will support our work and receive the link each month to the new issue of the Nicaragua Monitor.

Dues-paying committees are entitled to 5 or 10 print copies, but that is more labor intensive for our small staff and printing and postage costs keep going up. So, we strongly encourage you to print the exact number you need from the internet rather than ask us to mail them to you.

Dues for 2009 are a suggested \$60 and more is welcome!
